# A VÁROS LEÍRÁS

---

The municipality of Lendava is located in eastern Slovenia, near the Hungarian border, and offers a wide range of sports opportunities for both locals and visitors. In recent years,

the town has undergone significant development, particularly in terms of sports infrastructure, with the NK Nafta Lendava Academy's modern sports complex being one of its highlights. This facility provides excellent opportunities for football enthusiasts, both professional and amateur athletes, with training fields and state-of-the-art equipment.

The surrounding area offers various outdoor sports facilities, ideal for running, cycling, and hiking. The hills and forests around Lendava feature numerous hiking trails, perfect for nature lovers and those leading an active lifestyle. The Lendava Sports Park, which includes football fields, tennis courts, and basketball courts, is also a popular location for those looking to engage in sports.

In addition, the municipality is increasingly focusing on recreational sports activities, including fitness and wellness programs available at local sports centers and thermal spas. Lendava is an ideal destination for anyone seeking active relaxation amidst nature and sports.
